FERTILIZER.

FERTILIZER.

W HANN'S RAW BONE SUPER PHOSPHATE.

The unexampled success of this renowned manure during many years, ha a reputation which few other fertilizers can claim. Its sales are very extensi in all parts of the country, especially in those parts of the South where cotton and corn are largely grown. So decided and positive have been its results on these important staples, that in many sections it is preferred to all other manures.

#### Whann's Raw Bone Super Phosphate

s prompt and ective in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early frosts.

We often this well known fertilizer to our friends, confident that they will concur in the openion of the leading planters of the South, that for Cotton and Corn it is un-

said to be the best fertilizer ever used, and is the cheapest by \$5.00 per ton of any Stan-rd Fertilizer sold in the State. Gentlemen who used it last season and have bought d rd Fertilizer sold in the State. Gentlemen who used it last seas again this, WRITE US CONCERNING ITS EFFECT as follows:

WAKE COUNTY, N. C., December 21, 1873. MESSES A. C. SANDERS & CO., Raleigh:
Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it turned out as well, if not better, than either of four different kinds that I used. I am well pleased with it and wish you to reserve me some for next season.

RUFUS J. IVEY.

Yours truly.

NEAR RALEIGH, N. C., December 13, 1873.

MISSUS, A. C. SANDERS & CO., Raleigh:
Gents,—The Star Phosphate bought of you last season acted exceedingly well on
my piantation, and I shall use it altogether next season.

WILLIS H. WHITAKER.

Yours truly, FRANKLIN ( OUNTY, N. C., December 22, 1873.

Gentlemen—I cheerfully recommend the Star Phosphate I bought of you last season as a No. I Fertifizer. It think it equal to any I ever used.

BEAUFORT COUNTY, N. C., December 29, 1873. Messas, A. C. SANDERS & CO. Raleigh:

CALL at Pescud, Lee & Co's. Drug Store, and drink the Excelsior Spring Water, on draught, fresh from the Spring at Saratoga. The only natural Mineral Water on draught in the city.

PATRONS OF HUSBANDRY.-Raleigh Grang, No. 17.—There will be a meeting of this Grange on Saturday, the 4th inst. A large attendance of members is desired, as many important questions are to be de-

New price lists have been received. A. T. MIAL, W. M. R. B. SAUNDERS, Sec'y.

"YESTERDAY."

We heard the thrush's five long notes of woe, Or joy—who learns the song may say, We only I stened when the sun was low;

But that was yesterday. We found some violets underneath the hedge. We gather'd blue-bells in the wild wood

We pull'd the king cups from the rustling sedge; But that was yesterday.

We watch'd the river's in ther ripple leap To catch the sun's last kiss, and grey Soft mists of evening up the valley creep; But that was yesterday.

We sang together for the love and might Of God and spring, and then she lay Upon my breast, weary with her delight; But that was yesterday.

Alone I wait and watch the sun go down, Counting dumb hours that I must stay, Ere that supreme One comes with cross and crown. Bringing back yesterday.

LOCAL BRIEFS-

See notice of building for sale on the Lougee tin shop lot. John G. Yancey, Esq., of Warren, and a leading and useful citizen of that county, died at his residence near Manson Junction on Friday

The Odd Fellows of the city will hold a Grand Mass Meeting on Monday night for the purpose of considering the project of celebrating their anniversary, &c.

the old rock quarry in the western portion of the city, will be sold at public auction on Tuesday next. See notice elsewhere. The Odd Fellows of this city pro-

Twelve valuable lots located near

ing at Odd Fellows' Hall to consider the same. A number of our "uppertendom"

colored citizens will participate in a picnic and fishing excursion on Monday at some point above Tucker's ter are the marshals. "Respectfully declined," was our

endorsement on a recent letter of invitation from His Honor Mayor Whitaker to accompany him to the small pox quarentine on a tour of inspection. We take his word for it that the cases are improving and no new ones reported. The "Outs" adopt Grant's "unload

a little" policy, and propose to fight it out on that line. Nason, the Newbern Postmaster, "went in" for the same policy and got "dumped" out of his Postoffice cart. Look out "ye faithful" that are riding in carts; some one else may get dumped out like poor Nason,

We were pleased to see in our city on yesterday, Mr. Ambrose Over-baugh, of Fayetteville. Mr. Over-baugh is proprietor of the well known Fayetteville hotel. As such he fills his position with satisfaction to the traveling public, having all the good nature and obliging characteristics of a clever landlord.

OUR CHURCHES To-DAY-Divine services will be held at the following Churches to-day, (Sunday.) Strangers and others in the city are earnestly and cordially invited to attend. gentlemanly ushers will be present to conduct visitors to pews which are

always free. Edenton Street Methodist Church, Rev. A. W. Mangum, officiating. Services at 11 o'clock a. m. and

7 o'clock p. m. Baptist Church, corner Salisbury and Edonton streets, Rev. Dr. Graves, officiating. Services 11 o'clock a. m. and 7 o'clock p. m. Presbyterian Church, corner Salisbury and Morgan streets, Rev. Dr. Atkinson, officiating. Services at 11

o'clock a. m. and 7 o'clock p. m Christ's (Episcopal) Church, Wil-mington street, Rev. J. C. Smedes, officiating, Services at 11 o'clock a. m. and 5 o'clock p. m. Church of the Good Shepherd, Tucker Hall, Rev. Mr. E. R. Rich, at 11 a.

m., and at 5 p. m. Person Street Methodist Church, Rev. Mr. Cole officiating. Services at 11 o'clock a. m. and 7 o'clock

St. John's (Catholic) Church, corner Morgan and Wilmington streets, Rev. Father McNamara officiating. Mass at 11 a. m.

St. Augustine (col.) Episcopal, corner of Lane and Dawson streets, Rev. -officiating. Services a. m., and 7 p. m. The Pastors of the different churches

will please notify us on Saturdays of any changes that may occur in their pulpits. A GOOD SELECTION.—Rev. J. B. Bobbitt, editor of the Christian Ad-

vocate, of this city, has been selected to deliver the commencement sermon before the graduating class of Davenport Female College, at Lenoir, Caldwell county, at the approaching commencement which occurs in May. Mr. Bobbitt is not only a sound and able theologian but a chaste and elegant speaker, and we congratulate the President of this flourishing College on his wise selec-

OF A CHARLOTTE LADY.—We learn from Capt. Waitt, Conductor on the North Carolina Railroad, that just before the departure of his train from Charlotte, Friday night, a report reached that city to the effect that a daughter of Mr. A. A. N. M. Hunter had been killed by a railroad accident oad, near Greenville, South Carolina.

THE SEABOARD AND RALEIGH RAILROAD.—We have devoted much of our editorial and local space in commenting upon the advantages to our city of the proposed Seaboard and Raleigh railroad, for which a charter was granted by our last General Assembly, and have called the attention of our capitalists and business men to the importance of its hearty sup-port, &c. We are more than pleased to see that a lively interest is being manifested by the Press of the section through which the road proposes to run, and to our business men espe-cially we call attention to the follow-

ing extract from an editorial in the last number of the Rocky Mount Mail: "The Seaboard and Raleigh railroad is no myth. Where its eastern terminus will be, has not yet been decided. That will depend, to a considerable extent, upon the contributions and assistance of the public, as well as the practicability and eligibility of the point selected. It seems to be the general opinion that Jamesville, in Martin county a small games are also played by striking but enterprising village a short distance below Williansten, will be the lucky place. Jamesville is a new village, but in the last five years has rushed ahead tn population, in manufactures and in all the clements that go to make up a live, progressive, prosperous town. It has water com-munication with the counties below Martin, and if the new road should start there and go by Williamston, Tarbore, Rocky Mount, thence on through Nash, in a direct line to Raleigh, the fortune of our capital will be made, and Raleigh merchants will have opened before them new and fertile field from which to gather rich products and

profits.
"We understand the old bed of the Wilmington and Tarboro Railroad will probably be used, and with proper arrangements, the Tarboro Branch can be made tributary from Tarboro to Rocky Mount. Then the only part of the whole route that will be entirely new will be the short distance from Jamesville to Williamston, some seven or eight miles, and the air line from Rocky Mount to Raleigh, which will not exceed probably forty-five miles. Most of the country is well adapted to the building of Railroads, and the work can be done as cheaply as in any section, as it is level and abounds in timber.

"The gentlemen who are engaged in surveying the line for the Seaboard & Raleigh Railroad were at Rocky Mount this week, and express a very favorable opinion of the advantages pose to have a celebration on the 27th offered in the construction of the inst., and the three Lodges will meet | road on account of the country, the supply of timber, &c.

"The people living along the proposed route should come forward at once with their contributions of land and money and give this great entercontributions will be investments that will pay ten fold in the increased value of their lands, in their facilities in getting to market, in cheapening transportation, and in numberless ways that will readily appear to every reflecting mind."

LOCAL PROHIBITION.—ITS HISTO-RY IN NORTH CAROLINA .- As no subject is likely to elicit more interest during the next thirty days, in many of the cities, towns and townships of North Carolina, we propose to give our readers a short history of Local Prohibition from the time of its first introduction into the State to

We learn from the Friend of Temperance that our townsman, Theo. H. Hill, Esq., was the first man in Raleigh to advocate the measure. He drew up for Carolina Council, No. 94, Friends of Temperance, during the summer of 1871, the first memorial that was ever presented to the people for signatures. The movement therefore originated with Mr. Theo. H. Hill in Carolina Council,

Friends of Temperance. At a Convention of the Friends of Temperance held in Fayetteville, August 9th, 1871, of which Rev. R. H. Whitaker, of this city was the President, the action of Carolina Council was unanimously endorsed.
The State Council of the Friends of Temperance which met at Franklinton, Nov. 8th, 1871, endorsed the movement and authorized the Secre-

tary of that body to prepare a memo-rial in the name of the Friends of Temperance, of North Carolina, and to present it to the General Assembly.

This he did, and a bill was introduced pursuant to the prayer of the memorial. That bill passed the House of Representatives on its second reading, but failed of a final pas-

sage in that body for want of time. At the Fayetteville session of the State Council held November 13th, 1872, it was again urged upon Friends of Temperance to "agitate in favor of Local Prohibition, when and wher-

ever practicable." At the spring session, held in Statesville, May 7th and 8th, 1873, the State Council of the Friends, by resolution authorized its Secretary to print and circulate 2000 copies of the memorial in this State for signatures. This he did, and the flood of petitions which came upon the last Legislature, and which finally resulted in the passage of the Local Prohibi-

tion bill, can now be accounted for. Of course, it is well understood we take no part nor lot in this matter. We have compiled these facts from the Friend of Temperance of March 14th, only to show how the fuss came evil, whom to blame.

NEW ADVERTISEMENTS.-J. M. Rosenbaum & Co. advertise elsewhere in to-day's issue the unusual attractions they are prepared to offer to the Spring trade. This is an able house, well known for its honesty, integrity and fair dealing, and has a large and increasing trade and will accomplish all it promises.

M. Schloss & Co., grocers, produce dealers, &c., Prairie building, Wil-mington street. They keep on hand at all times a full and complete stock REPORTED ACCIDENTAL DEATH of all goods in their line. Western of all goods in their line. Western produce a specialty. Go and see them. The Connecticut Mutual Life Insurance Company, of which S. D. Waitt, Esq., is the General Agent, publishes its quarterly statement in to-day's NEWS. Especial attention

is called to the same.

EASTER.—To-day, (Sunday) is the festival of Easter, and services appropriate to the occasion will be observed at the Episcopal and Catholic churches. Easter was formerly the time of performing the rite of baptism. The courts of justice were closed, and alms dispensed to the poor and needy. On this day, the people saluted each other with the Easter kiss, and the exclamation "Surrexit" (He is risen); to which the reply was "Vero surrexit" (He is risen indeed). The chief solemnitude of the reply was "Vero surrexit" (He is risen indeed). ty always consisted of the celebration of the Lord's supper. In Germany and in other European countries, Easter eve is celebrated with bonfires and numerous other rites. The churches are lighted with great pas-chal tapers. The characteristic Eas-ter rite, and the one most widely diffused, is the use of 'Peach eggs' (Easter eggs). They are usually stained of various colors with dye woods or games are also played by striking them against one another. In Scotland it used to be the custom for the young people to go out early 'Peach Sunday' and search for wild-fowl's eggs for breakfast, and it was thought lucky to find them. There can be little doubt that the use of eggs at this season was originally symbolical of the revivification of nature—the springing forth of life in spring. The practice is not confined to the Christians; the Jews used eggs in the feast of the Passover. From the Christian point of view, this 'Feast of Eggs' has been usually considerd as emblematic of the resurrection and of a future life. With the Easter ends the season of Lent.

THE REV. A. P. GRAVES AND THE REVIVAL IN THE RALEIGH BAPTIST CHURCH.—The year 1874 promises to be as memorable for revivals of religion as 1858. Ten thousand were reported as having professed religion in St. Louis, during the past two months—all through the West and North there has been a great awakening, and the good work has been going on in many parts of this State for weeks. At Henderson, Ridgeway, Warrenton, Greensboro, High Point and Goldsboro, many have been added to the Churches. One hundred and five are reported as having been converted in Goldsboro, and the meeting is still going on.
The Pastor of the Baptist Church of this city, Dr. Pritchard, has baptized fifty persons recently, and under the labors of the Evangelist, Mr. Graves, full of the gospet and always at A. B. Earle, the great revivalist, Mr. Graves has devoted himself to the work of an Evangelist for the last six years and has been greatly blest in his labors. He will go from here to Atlanta, where six Churches have invited him to hold a meeting with them. After that he will spend a week in Columbia, S. C., and then attend the session of the Southern Baptist Convention, which will meet early in May, in Jefferson, Texas.

FAST DRIVING.—It is a violation of the city ordinance to drive drays beyond a walk, and we have on divers occasions called the attention of the authorities to the fact that draymen did not regard it in the least. Friday last, on Wilmington street, a son of Mr. Rufe Horton, of the Raleigh & Gaston railroad, was run over by a dray that was being driven at a furious rate of speed, and the little suf-ferer is now lying at the point of death with but little hope of recovery, as we ware informed by the attending physician, Dr. Alston. It is not only a common but frequent occurrence that drays loaded with cotton are rapidly driven through the street How long shall these things con-

REVIEW OF THE COTTON MARKET. -The status of our cotton market for the past week may be seen from the following review:

Monday, low middling dull at 143, and no demand for stained grades; Tuesday, low middling quiet at 143, and some demand for stained grades at 9 to 11; Wednesday, low middling dull at 143, and no demand for stained grades; Thursday, low middling dull and quiet at 14\frac{3}{4}; Friday, low mid-dling quiet at 14\frac{3}{4}, and some slight demand for stained grades at 81 to 11. The receipts for the week fully up to the average of the past three weeks. The state of the general provision market may be characterized as dull.

RELIGIOUS SERVICES IN THE BAP-TIST CHURCH TO-DAY AND TO-MOR-ROW.—The Rev. A. P. Graves will preach a sermon at 11 A. M., on the 'Evidences of Conversion."

At 3:30 P. M., after preaching, an experience meeting will be held and members received. Preaching again at night.

On Monday at 3 P. M., Mr. Graves will preach his last sermon in Raleigh, any many persons will be bap-

DECORATIONS.—The two Episcopal Churches of the city are handsomely decorated for the Easter festival to day. The decorations at the Church of the "Good Shepherd" (Tucker 14th, only to show how the fuss came about. If good results, the public bachelor friend, A. P. C. Bryan, of will know whom to thank; but if the Express office, and having seen the decorations we are prepared to assert it as our opinion that no old maid in the city could have given a neater or more "old modest" touch.

This is from the Unionville Silver State: "One of the China women owned by the late Jim King was disposed of by his heir to a brother Chinaman for the sum of \$450 in gold coin, 'to him in hand paid.' Among the Celestials she is considered quite a belle, about twenty-one years of age, eyes like saucers (small ones,) nose like two holes punched in Graham dough with the finger, and a mouth displaying two rows of ivory which flare out and come together about an inch from her face, which accounts for her bringing such a good price. The widow of the lamented Jim (not quite so handsome and a is called to the same.

J. W. Holden, Esq., announces few years older than the other) is ofhimself a candidate for Mayor before the republican party.

Jim (not quite so handsolle and a few years older than the other) is offered for the moderate sum of \$225, and no takers."

or any other article in my line. Parties wanting should apply at once, as I will close out by Monday next.

and no takers."

MATERIAL FOR UNITED STATES COURT HOUSE AND POSTOFFICE.— Wm. A. Hearne, Esq., Superinten-dent of the United States Court House and Postoffice building at Raleigh, will, on Monday, advertise for pro-posals for a half million of bricks, and all of the dimension stone required for the exterior of the building. Bidders will be on the look out, as the work now begins in earnest.

The contract for the rubble stone for the new government building has been awarded to Gen. P. B. Hawkins, and he has been instructed to begin the delivery of the material at once.

DEATH OF JOHN D. PRIMROSE, Esq.—The sad intelligence of the death of Mr. Primrose will be a source of deep sorrow to our community. Mr. Primrose will long be remembered by his many friends as a genial gentleman and sociable companion, and in his loss we part with a much esteemed and valued friend. His life terminated last night at 7 o'clock, after a brief illness; his disease being pneumonia. His funeral will take place at 4 o'clock this afternoon from the Presbyterian Church.

The new regulations for the appointment of Cadet Engineers in the United States Navy are just issued. The course of instruction is now four years at the Academy and two years at sea, making the whole course six years. The outfits cost \$139.77, and each cadet must, on admission, deposit with the paymaster \$100. A candidate must be between sixteen and twenty years of age. Those whose education, training and tastes qualify them for admission for this scientific course should immediately begin their efforts to secure permis-sion from the Secretary of the Navy to present themselves for examination at the Naval Academy next

September. Iceland celebrates her millennial this year—874-1874. The festival will be held at Reyjavik, the capital, and will attract the sons of this Arctic land from far and near. For this bleak, barren country has a history, and a strange and memorable one. It is the most northern settlement of white men in the world. In its struggles are represented some of the most dogged traits of the human will and energy-cold, darkness, barrenness, isolation, disease—all to be conquered a social system, a government, a literature, were created, and a national spirit born of toil and difficulties.

A Yale student, who is evidently in the "journalistic" department, labors of the Evangelist, Mr. Graves, a very interesting meeting is now in progress in that Church. Mr. Graves is a plain, pointed, pungent preacher, full of the gospel and always at Western journalist; "the seaside is blood-heat. He reminds one of Mr. other locality. In fact, we have put no better for such practices than any in some xerx arora canta in our time though he conducts his mediane. but did not say anything about it in print."

If Democrats will keep away from Republican caucuses next Fall, Butler's chance to be a candidate for Governor will be diminished fully 25 per cent. Last year at least 100 of his delegates, one quarter of the entire number, were chosen by the aid of Democratic votes at Republican meetings .- Boston Iranscript, (Rep.)

A SPECIALTY AT HARR'SON & BASHFORD'S

The DAILY NEWS is now the only paper in Raleigh that gives every morning the latest markets and other telegraphic reports. The public should note this fact.

#### EDITORIAL BREVITIES.

-Strikes are threatened in the North by all sorts of trades.

-There is a growing disposition to make Good Friday a legal and national holiday. -Attorney General Dimmick has decided that Good Friday is a legal holiday in Pennsylvania. -"Let's inflate" is the correct thing to

say to a thirsty friend when you don't want to drink by yourself. -Experiments in aerial microscopy have

demonstrated the fallacy of Prof. Tyndall's theory of the relation between "dust and -The papers announce the fact that

Chas. A. Dina is going to Eu ope. We dinna' a dime if he goes to the other side and stavs there. -The opposition of Massachusetts to inflation can be easily accounted for: The

proposition has merit in it, and likely to result in good to another section. -The war in Cuba is very much like that going on in Spain. Bo'h sides are constantly undergoing the crushing out process

while everybody is victorious. Happy countries. - Tue Virginia Senate having refused to have roll call in the morning, the Petersburg 'News" intimates boldly that they are an inefficient and lazy class of repreresentatives.

- The St. Louis "Dispatch" is responsible for the following: "Shall we have a volcano? asks an exchange. Certainly not, if the women crusaders succeed in extinguishing the 'crater.'"

- Benevolence as a christian characteristic is getting below par. Even Washington, D. C., is claiming to be that way in clined. If any charity is going on there the balance of the county suffer it.

-It is said that Gen. Banks' son was knocked senseless on the street in Boston, a few nights ago, while endeavoring to pretect some girls from roughs. This is a pretty tale to tell about it. Thin, very. -The matter of an inter-oceanic canal

between the Atlantic and Pacific is not dead but has only been dozing. It is about to bloom out again in all its pristine vigor and the discussion of the last two centuries is to be revived.

-The Demorats of Oregon have re-nominated Gov. L. F. Grover; A. H. Brown, State Treasurer; M. V. Brown, State Printe ; Rev. E J. Dawe, Superintendent of Public Instruction. The platform wants a return to specie payment and favors free

-It is thought that the Committee will report favorably on the bill admitting New Mexico as a State. New Mexico needn't be in a hurry, for probably after she gets in one of these days she might want to get out and can't. Some have already been in this predicament. the world is a swindled corporation

and yet the swindiers still live and govern the world.—Exchange. A bad state of affilrs certainly, but it venjurisdiction under which we are conif living, would be delighted to know that we fully concur with him on this point -An unmarried young gentleman in Petersburg, Va., on Friday received a couple of letters from his affectionate wife, informing him that her hours of louliness were cheered by their pretty little daughter lisping out a desire for da-da to come home The young man's perplexity, his friends fear, will terminate in emotional insanity.

INDIA is now suffering from incendiary fires in addition to the famine that has been playing sad havoe in that country. Whole villages have been destroyed.

THE South Carolina Tax-Payers' memorial charged that there were "thieves in the State Treasury," and the New York Tribune says that the Republican State Executive Committee promptly put on the cap.

TEN months in the year, says the Washington National Republican, the New York papers deride the President with sneers about Casarism, &c., and the other two months are given to volunteering advice about finance.

In speaking of the boundary line question between Virginia and Maryland, the Richmond Enquirer expresses a desire for a third arbitrator to be selected by the two already chosen, (Judge BLACK and ex-Gov. GRA-HAM,) and wants the choice to fall on ex-Gov. SEYMOUR, of New York.

IT is said that the examination of the Secretary of the Treasury RICH-ARDSON, and Assistant Secretary SAWYER, has failed to give the Committee of Ways and Means any information who is the responsible head of the treasury. Of course it has, for the simple reason it hasn't had one for a long time, or any other kind of a head worth a cuss.

THE National Republican has its hands full in defending the official acts of those who have had control of the District of Columbia for the last few years. The investigation into those acts has been progressing for some twenty days, and many "ways that are dark and tricks that are vain" are being daily brought forth.

THIS is about the gist of the SAN-BORN matter: Mr. Secretary RICH-ARDSON made about a half a dozen contracts with various parties, authorizing them to collect the revenue for half the proceeds, and ordered a number of federal officials to assist these parties in said collections. When called before the Committee of Ways and Means to give account of his conduct in the matter, he could explain nothing, except that he signed contracts without reading them and entered into the arrangement with SANBORN without understanding the law, by which the United

words a set of men were commissioned to swindle the government by a stroke of Mr. Secretary's pen, and he says that he didn't know it. Mr. Assistant Secretary SAWYER also could toward elevating the State to that tell the Committee nothing, though he took an active part when in the Senate to get the law passed, and has aided extensively in carrying it out since he has been Assistant Secretary as will be seen from the number of orders, receipts, &c., to which his name is signed. He was as wonderfully ignorant as his chief.

THE good people along the line of the proposed Seaboard & Raleigh road, to run through the countries of Wake, Nash, Edgecombe and Martin, are greatly in favor of the movement, and are willing to contribute liberally to its prosecution. The business community of Raleigh should take hold of this matter fully, as it would open up to us a section of country unsurpassed in wealth and heavy products by any other portion of the State. An interesting article from the Rocky Mount Mail upon this subject will be found upon our local page.

Hypocritical Tears-Republicans Alone Responsible.

One of the main charges which the Radical party will urge against the Conservative party in this State, during the coming campaign, will be the failure of the last General Assembly to take definite action in regard to the State debt. But will these complaining patriots tell the people how the debt became so unmanageable? Will they tell the people through whose instrumentality the State was placed between a choice of almost utter bankruptey on the one hand and repudiation on the other? Will they tell the people that the Legislature of 1868-'9, two-thirds Republican, by its fraudulent, corrupt and reckless action, created fully three-fourths of this enormous debt which they are complaining has not been settled? Will they tell the people that the Constitution which their party framed saddled upon the State thousands of dollars of additional expense only to make place and pay tor party tools?

The Republican party has plune dered the State in every possible way and bankrupted its treasury. It has dishonored the credit of the State in the markets of the world. The things are matters of record and history. No one with the least regard for truth can successfully contradict the charges. The Republican party wrought the ruin over which it is now shedding crocodile tears. It which its representative men dug. hoping that mock mourning will

smooth over the damning crime. In other words, the Republican assassin who struck the almost fatal blow is now in a fit of virtuous indignation because the Democratic doctor does not cure the patient rapidly enough to suit his fancy.

Can our people be so blind as again to be beguiled into putting the treasury of the State once more at the command of this party? No! a thousand times, no! To think so were to slander their intelligence and vir-

Corruption is the cohesive power which holds the Radical party together, and when this is strangled and rendered powerless to harm, the backbone of the monster is broken

and it gasps out the balance of its existence in impotent rage. Let the calm and dispassionate mind take a retrospective glance at the political history of our State since the opening of the year 1868, and it can not fail to trace a chain of overwhelming evils up to the present

time, every link of which was forged by the wild and premeditated misrule of the Republican party. These charges may be objected to as being too general. At the proper time they will be made in detail and proved to the least particular.

The Next State Fair.

The great success of the last Fair of our Agricultural Society leads the public to look forward to the next Fair with great interest, and to expeet that the coming one will outstrip its predecessor. In this expectation the people will not be disappointed, we can safely say upon the authority of those who have the best means o forming a sound opinion on the mat ter. The last Fair, as large and com. plete as it was, evidenced only a tittle of what North Carolina can do when a little energy and enterprise are put forth to make her show for what she is worth. The stimulus which that occasion gave to our State pride is now working most beneficially among the agricultural and business classes, and its fruit will be amply shown next October, when the products of every section will be classified and exhibited on the beautiful grounds of the Society, and when representative men of all classes will meet here and compare notes for the

past year. It is a matter of congratulation to announce that the State Agricultural Society, through its zealous and active officers and Executive Committee, are bending every energy to the thorough fulfillment of the promise they hold out to the people, that the State Fair, which opens on Saturday, October 10th, and closes on the following Saturday, shall be such an exposition of the true merits and States Treasury was depleted of some advantages of this favored State

search for the curiosity hunters, interest to those who wish to be instructed, guides for the capitalists seeking investment, but will go far rank of importance to which the gifts of God entitle her, and where every true North Carolinian prays to yet see her.

The Board of Managers are now hard at work preparing the premium list, and the assurance is given that it will be the most attractive ever published in the South. It will contain liberal provisions for every branch of industry, arranged in such an equitable manner as not to be justly open to the least quibble or complaint. The grounds will be cleared of the

rubbish which was unavoidably left

there last year in the hurry of getting ready, and will be rendered more attractive to the eye by the consummation of numerous designs which could not be carried into execution before, and the arrangements for the exhibition of articles and the comfort and convenience of visitors will be more thorough and complete than heretofore. We have reason to expect and believe that the Fair of 1874 will be an exposition of which any people or country might well be proud. We have the material in abundance. The only uncertainty is with the people, and no fear is apprehended from this quarter, we are glad to say. Each day developes the fact that their interest in this great State institution is growing rapidly, and that it will finally culminate in giving o our annual State Fairs a fame outside of our own borders and a nation: 1 reputation for completeness and ex-

An orator for the occasion has not, we believe, yet been selected by the Executive Committee, but upon whomsoever the choice may fall he will be a gentleman of such experience and ability as to entertain and instruct the intelligent audience which he will address.

WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1873. To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt. Containing, as it does, in such large amounts, the essentials for plant food, success from ts application would seem certain. It being of animal origin, you will see at once that ts ingredients must be all scluble in the soil. Its nitrogen, from nitric acid, is the most

available form known to chemistry; the other part, from undecomposed animal matter, is preferable to the votatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly, WM. R. GRIFFITH, General Agent. THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA Raleigh, N. C., January 7th, 1874. Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Petersburg, Virginia:

Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Chemical Minerologist to the Geological Survey, and has no superior as a chemist. I have no hesitation in endorsing any analysis from his laboratory. And I think the analysis justifies his state went that the substance examined by him is a VALUABLE MANURE.

MANURE.

From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high. Yours truly, W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public:

LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street, Baltimore, December 1st, 1873.

MAJ. N. M. TANNOR, President Guanahani Guano Company, Petersburg, Va.: Dear Sir: I have drawn samples of the Guano, as it has arrived in eargo lots, and find it exceedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 it exceedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimilable by plants. It contains potential ammonia and nitric acid, having a combined Nitrogen value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of Sulphate of Line. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tillage, must, in my opinion, give as good results as any guano offered to the farmer.

Being of animal origin, the organice matter has undergone partial deco oposition, and it accessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizers which are compounded large y of Peruvian Guano, which, beyond its ammonia and small phosphatic value, has little or no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market. All of the components of this Guano are very soluble in the soil, and possess such rhy-All of the components of this Guano are very soluble in the soil, and possess such physical properties as to render it at all times and ui der all circumstances as in mediately le plant food. te samples you sent me f-r analysis, from the deposit which you inform me you

intered to ship from, show a dec case in the phosphatic value, but a large increase in its nitreges, compounds. I think, however, from orevious observations of carçoes, that you may reasonably expect, that cargoes taken from where these semples were drawn, will materially improved in the saline compounds, (phosphates al. alles and magnesia.

Respectfully, &c., P. B. Wilson, Analytical and Consulting Chemist. Balt'more, December 1st, 1873. Nitrogen... .. 1.46 per cent . 3.27 per cent. Nitric Acid
Having a Nitregen value equal to Ammonia
Phosphoric Acid

P. B. WILSON, Analyt. and Consulting Chem. Respectfully, etc., CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 SECOND ST..

Baltimore, November 9th, 1873.

Maj. N. M. Tannor, President Guanahani Guano Company, Petersburg, Va.,

DEAR SIR: The samples of Guanahani Guano you handed me for analysis, marked No. 5 Chart E contains: ..29.52 per cent

.....26.10 per cent. P. B. WILSON, Analyt. and Consulting Chem. Respectfully, etc.,

UNIVERSITY OF PENNSYLVANIA, WESC PHILADELPHIA, 19th, 1873. Maj. N. M. Taannor, Petersburg, Va.,

DEAR Sir: In compliance with your request, I have analyzed sample of "Gusnahani Guano," and have made additional exam nation of an average sample from a lot of 300 tons, the result of which, I beg to embrace in the following. The Guano is a brownish powder, with lumps of combinations of lime with Carbonic, Phosphoric and Nitric acids, It contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent, of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent, was found. All the nitrogen present would be equivalent to about 3½ per cent, of ammonia. The phosphoric acid in the Guano, about 12½ per cent. of bone pho phate. A considerable quantity of the phosphoric acid in the Guano, sout 12½ per cent. of bone pho phate. A considerable quantity of the phosphoric acid in the guano, sout 12½ per cent. of bone pho phate. A considerable quantity of the phosphoric acid in the guano, which, being slightly souche in water, renders the Guan as quick in its action, as a corresponding quantity of superphosphate would do. The small per centage of pot sh, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

F. A. GENTH.

Soda,..... ...... 

WHOLE AMOUNT OF AMNONIA 3.41

CERTIFICATES: STATE OF MARYLAND, TREASURY DEPARTMENT,
Comptroller's Office, Annapoits, September 29th, 1873.

E. T. Wroth, Esq., Baltimore, Md.;
Dear sir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and in quire. I learn that it did improve the wheat to some extent, I did not apply any other Guano. I applied

other Guano. I applied
Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far
as the appearances of the crop indicated.
Please send me a bill for Guano, and I will send you a check. bill for Guano, and I will sours, &c., LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873. Mr. E. A. DUNLAP, Fear Sir: The extraordinary character of the season (a rain almost every day,) puts it wholly out of my power te form an estimate of your Guano. The crops of cern and rutabagas to which it applied, look ve.y fine.

Yours, truly.

WM. SMITH.

Bethel Academy, Fauquier County, Va., July 24th, 1873, Mr. E. A. DUNLAP,
Dear Sir: I used your Guano on my wheat last full, and I am highly pleased with it.
Think it is as good as the high priced Guanos. I nave a good paying crop of wheat, and
the bests and of grass I ever had, and this is the opinion of those who have seen both,
notwithstanding the unfavorable winter and early spring. I shall use it again this fall.
Yours,
BENJ. F. SMITH.
[This crop of wheat, 28 bushels to the acre, was noticed in the Warrenton and Alexandria papers, as the finest crop in Mr. Smith's county.!
Warrenton, Va., July 17th, 1873,
I used your Guano on wheat last year, and consider it equal to any guano I ever used.
It pleases me well. Ridgeway, N. C. It pleases me well.

GUANAHANI GUANO! GUANAHANI GUANO! Bethel Academ, Fauquier County, Va., November 12, 1873.

E. A. DUNLAP. Esq.,

Dear Sir: If I could have made collections, I certainly would have used two tons o the Guano you sent me this fall.

I consider it better for wheat than any other Guano that has been used in this county since the war. Respectfully yours, M. C. BLACKWELL.

Mr. E. A. DUNLAP,
Dear Sir: The Guano purchased from , ou. was used upon coin by the side of one of
the best ammoniated soluble phosphates in the market. The quality of the land was
the same as was the quantity of guano and phosphate used. The corn where the Guano
was used appearent to start sooner, and in the fall was fully ten inches higher and ripened earlier than where the Phosphate was used.

Very respectfully, &c.,
Late firm of Neale, Harris & Co., Commission Merchants. Baltimere, December, 1878.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 18th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I have your lavor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fal.. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field wasgenerally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, (the most important point,) I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points, at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours,

Wm. HENRY DECOURCY.

Baltimore, November 17th, 1873. E. A. DUNLAP, Esq..

Tie Guano I had of you last Spring, I used on cors. It produced a first rate crop. 1

used about 200 lbs. per acre. Of E. D. Hoopes & Co , 226, 228 & 230, Fenn. Averue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c.

Somerset County, Md., Westover, August 8th, 1873. Somerset County, Md., Westover, August 8th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of \* \* \* \* \* 's Raw Bone Super-Phosphate, at the rate of 150 lbs, to the acre, of each. Whilst growing, I, nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as \* \* \* \* \* 's, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours,

Mount Airy, Carroll County, Md., November 13th, 1873.

Mont Airy, Carroll County, Md., November 15th, 15th.

W.M. R. Griffith, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guane. But Maj. A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can been od difference in their grain wherever it is up sufficient
to judge. By the Spring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,
I am. truly yours. I am, truly yours,

P. S.-I have commenced making a stir for the Spring trade. San Marino, Dinwiddie Co., Va., November 15th, 1878.

San Marino, Dinwiddie Co., Va., November 15th, 1878.

W. R. Griffith, Esq.,

Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Gua. o, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 1bs, per acre. The wheat was seeded from the 10th to the 17th of October. I was very careful in the application, leaving two strips of land through the field; one of an acre. the other two acres. The one acre strip was manured with \*\*\* Phosphate. The two acre strip was in tobacco, heavily manured with stable manure and \*\*\* \*\*

Tobacco Fertilizer. I also added a strip of very poor land (stabble) on one end, three-fifths of an acre. Upon this I applied 100 lbs. of Guanahani, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sown upon this three fifths 17th, and the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied that the Guano is acting upon this trip of wheat, as the land was very poor. I do not think that it would be welf for me to make a positive assertion just yet, bu will carefully note the result and let you hear from me again.

Yours respectfully.

Dinwiddie County, Va., November 21st, 1873.

THOS. F. RIVES

J. N. WINFIELD.

Messrs. Rowlett & Tannor.

Dear Sirs: In reply to your inquiries in regard to the Guanahani Guare, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in with the wheat. So far, I am vary much pleased with the Guano. Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainty over the wheat where there was nothing used.

Very respectfully,

JOHN J. MITCHELL.

Yours respectfully.

[Note,-Mr. Mitchell has since ordered 10 tons for his Spring crops Millstone Landing, Md., December 1st, 1873.

Mr. E. A. DUNLAP,

Dear Sir: I am just in receipt of your letter, but regret that I did not receive it sooner.

I used your Guano, side by side with \* \* \* \* \* 's Ammoniated Super-Phosphate, and could perceive no difference, only in growth of the straw. The straw from \* \* \* \* \* 's rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable for tilizer.

Very respectfully, ELKANAH WISE.

Messrs. McLewaine & Co., Petersburg. Va.,
Gentlemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 509 ibs. per acre, on corn land. The wheat is looking well. I think it will prove a good Respectfully, A. M. ORGAIN. Sussex County, Va., December 12th, 1873.

Very respectfully,

Sussex County, Va., December 12th, 1878.

Messrs. Rowlett & Tannor, Petersburg, Va.,

Dear Sirs: I used on m. wheat, sowed about the 1st of October, a half ton of Guanahani Guano, and s. far I am very much pleased with its action. Where I used the Guanahani the wheat is took ng remarkably well—a great deal better than the wheat

Prince George County, Va., December 16th, 1873. Messrs, Bishop & Beanch, sirs: You ask me my opinion of the Guanahani Guano I pucchased of you last fall. I used the guano on my wheat, but owing to the un't opinion of the growth of wheat, it would be imposs be for any manure to show its strength fully. However, I think the guan on good crillizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money,

Respectfully, Petersburg, Va., December 16th, 1873.

WM. R. Griffinh, General Agent of the Guanahani Guano Company,

Dearwir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.

You truly,

Prince George County, Va.

Broad Run Station, Fauquier County, Va., December 4th, 1873. Mr. E. A. DUNLAP,
Dear Sir: I let one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gatton; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately heavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The land I tried it on was quite thin.

Yours, &c.,

A. D. SMITH. Mr. E. A. DUNLAP.

Poplar Mount, Greensville County, Va., December 17th, 1873. Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani in reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the acre. I used the same quantity (200 pounds) on winter oats. The wheat was not sown until about the 20th of October, but has already

on winter oats. The wheat was not sown until about the 20th of October, but has already a healthy, vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the sup-r-phosphates.

The winter osts we e sown the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former days, when, for a noderate outlay of money, the farmer purchased the pure Chincha Island. (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacco.

I am, very truly yours,

GEORGE W. FIELL.

The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount.

As it will be impossible to bring but few thousand tons to this country in time for the spring irade, orders must be sent at an early day to secure it.

For further information apply at the office of the GUANAHANI GUANO COMPANY, PETERSBURG, VIRGINIA.

N. M. TANNOR, President. ROBT. A. MARTIN, Vice-President. WILLIAM R. GRIFFITH, General Agent. ORTO WILLIAMSON, UPCHURCH & THOMAS. GENERAL COMMISSION MERCHANTS

Precautionary Measures. NEW YORK, April 4.-A meeting in the interests of cremation was held this evening. Letters were read in favor of and in opposition to the proposed scheme from J. W. Stillson, Chas. A. Dana, Rev. O. B. Frothingham, Henry Bergh, D. J. Croly and

Resolutions were adopted advising the formation of an association for promoting cremation and securing its practical application, and that the society shall be formed on a broad basis, without distinction as to creed. profession or nationality.

A game of billiards of 600 points

up, three ball carom, for the chal lenge cup and \$2,000, was played last night between Albert Garnier and Maurice Daly. About 3,000 persons were present. Garnier won the game on the 48th run, scoring 600 to Daly's 389. The highest runs were, Garnier 75, Daly 62.

The Commissionesr report to Mayor Stone that the total debt of the city and county of New York up to December 31st, 1873, was \$106,431,923. A letter from Havana says that

the information obtainable about the

recent battle of Greasiama says it

was one of the boldest contested fights that has taken place between the Insurgents and Spanish. Of the wounded brought to Havana most all have received their injuries by the machete. They report that they were were over two hours fighting at close quarters. Brigadier General Arminan with about three thousand men. cavalry, infantry and artillery, becoming aware of the massing of insurgents under Maximo Gornex, marched forward and on the 15th encountered them in large forces, An attack was immediately begun by the Cubans so that Arminan had barely time to form a square, placing his artillery in the center. the cavalry being ordered to cut its way through the enemy's line and procure reinforcements at Puerto Principe. The cavalry was fearfully cut up, very few being left to bring the news of the critical condition of the Spanish column. These succeeded in reaching Puerto Principe had their prisoners at their heels. Brigadier Bascones with a column of 2,000 started out, but had hardly gone beyond the suburbs of Puerto Principe, before he was attacked by Cubans. Bascones succeeded in pressing on and had another severe encounter with the insurgents, finally meeting his column with that of Arminan. The loss of the Spaniards was very severe, and it is reported that over forty officers are killed and wounded. Both sides fought with

On the evening of the 19th March. Captain General Jovallar took precautionary measures for protecting exagainst their institutions were afloat. Word was brain. Phillips was not hurt. sent to the Spanish Admiral to have marines in readiness for landing at a moments notice. Howitzers were mounted in the bows of the launches of the Spanish men's of-war, ready to be landed. Several groups of men were quietly dispersed.

great bravery.

Irish Lovers on the War Path-Free Lunch and Free Liquor-The Car-

PHILADELPHIA, April 4.-Last night a large meeting of Germans who are opposed to Sunday liquor law was held, Mr. Halmann presiding. It was for the purpose of affecting an organization which will support for office no candidate who will not pledge himself to repeal the present laws relative to liquor. A num-ber of addresses were made by speakers who said the present law infringed liberties of the people. Resolutions were adopted which authorized the formation of an organization to be called the "True Watch," to extend all over the State. Any citizen can become a member who will pledge himself to support only such candidate for office, without distinction of party, who will openly and unreservedly endorse principles at variance with the present Sunday liquor

Another meeting of the carpet weavers was held to-day, and reported that but one shop which had been on a strike was paying the standard price. The constitution of a new association, formed on co-operative plan was read. Already 1,700 shares have been subscribed. A charter is to be applied for.

## FOREIGN NEWS.

From England and France.

LONDON, April 4.—The latest advices from Cape Coast Castle, March 12th. An embassy numbering with its escorts 250 persons, had arrived there from the Ashantee King. It was reported that they refused to dis-continue human sacrifices, and disputed the amount of indemnity. PARIS, April 4.—The Government

is still without official advice of the escape of Rochefort and his companions.

### MIDNIGHT DISPATCHES FROM THE CAPITAL.

Congressional - Butler from the Judiciary Committee Reports an Impeachment Bill, &c. WASHINGTON, D. C., April 4 .-

Negley from committee on Commerce reported a bill to amend the act for enrolling and registering ships employed in the coasting trade and fisheries, so as to provide that the provisions of the act shall not extend to canal boats or boats employed on inland waters, or canals, &c. Passed. Butler, from the committee on the Judiciary, reported a bill to prevent maladministration in the civil service of the United States. It provides that whoever being a civil officer of the United States, except the Pres:dent and Vice-President, who shall be impeached by the House of Representatives, shall be deprived of his office while his trial is in progress. The duties, functions and power of his office shall devolve upon some

other officer. G. F. Hoar inquired whether this would include Judges of the United

States Supreme Court. Butler replied that it would; the bill was offered in view of charges against certain United States Judges, who will probably be impeached. If they should be under the law as it now stands, they still may go on and earry on all the functions of their office. He had one Judgenow in his mind of whom it was alleged that he had said he would resign after serving his friends. There was also the South of the had said he would resign after serving his friends. There was also the South of the had said he would resign after serving his friends. There was also the South of the had said he would resign after serving his friends. There was also the South of the had one Judgenow in his mind of whom it was alleged that he had said he would resign after serving his friends. There was also the south of the had one Judgenow in his mind of whom it was alleged that he had said he would resign after serving his friends. There was also the south of the had one Judgenow in his mind of whom it was alleged that he had said he would resign after serving his friends. O. T. STROVACE & BRO.

case of a Kansas Judge against whom articles of Impeachment were presented last session. There was an adjournment, however, before the Senate could proceed to trial. This Judge held his office all last summer, and he resigned just as Congress again met for the purpose of defeating any new impeachment. This is a great scandal. He believed the impeachment of an officer should result in his immediate removal from office.

Mr. H. G. H. Hoar suggested that this was an important bill, and that a day should be fixed for its consideration. Morey of Louisiana objected to the bill. Mr. Butler, "That won't save Judge

Durell." Morey, "If you want to impeach do it directly and not indi-

rectly The bill was then withdrawn. The House ordered a warrant to issue for the arrest of George H. Patrick of Montgomery, Ala., who had been summoned to testify as a witness in the Busteed impeachment case, but had refused to obey the

The House passed 40 private bills and then went into the discussion of the currency bill. SENATE-Not in session.

The Comptroller of currency has declared a dividend of 25 per cent. in favor of the Creditors Merchants National Bank, Petersburg, Va. A dividend will be paid to creditors of the 1st National Bank of New Orleans, of 25 per cent. as soon as the schedules are prepared, making a dividend of 60 per cent. in all, to the creditors of that bank. Andrew Jackson is here.
